SUMMARY / OBJECTIVE

Highly motivated and results-driven **Computer Science Graduate** seeking a **Web Developer** position to collaborate effectively in team settings, and deliver clean, efficient, and responsive web solutions.

TECHNICAL SKILLS

WEB DEVELOPMENT: HTML5, CSS3, JavaScript (JS), WordPress

PROGRAMMING LANGUAGES: Python, Java, C++

FRAMEWORKS/TOOLS: React, Git, Bootstrap

OTHER SKILLS: AI Concepts, Mathematics, Statistics, Basic Reasoning

EDUCATION

Bachelor of Computer Science Cluster University Srinagar | Srinagar, Jammu and Kashmir, India

Graduation Date: June 2026

PROJECTS

Project 1: E-commerce Site Prototype

- Developed a fully responsive web application using **HTML, CSS, and JavaScript**, focusing on mobile-first design principles.
- Implemented interactive features and dynamic content manipulation to enhance user engagement.
- Deployed application using Netlify, resulting in 100% uptime.
- Link:** <https://faizcart.netlify.app/>

Project 2: Weather App using API

- Designed and built the user interface and user experience (UI/UX), ensuring aesthetic appeal and intuitive navigation.
- Utilized **JavaScript** to handle complex user inputs and logic, demonstrating proficiency in core programming concepts.
- Optimized load times by **20%** through efficient image compression.
- Link:** <https://weathervisionn.netlify.app/>

- **Project 3: Personal Portfolio Website**
 - Designed and developed a responsive, professional portfolio from scratch to showcase key technical skills and project work.
 - Utilized HTML, CSS, and JavaScript to create an engaging, modern user interface, ensuring full compatibility across desktop and mobile devices.
 - Managed version control and contribution workflow using Git and GitHub, demonstrating standard development best practices.

-

ACADEMIC & CORE STRENGTHS

Relevant Coursework & Studies:

- Completed intensive coursework in Data Structures & Algorithms, Object-Oriented Programming (OOP) with Java/C++, Database Management Systems, and Web Technologies.
- Applied foundational knowledge of **AI and Statistics** concepts in academic projects, demonstrating a strong analytical aptitude.

Soft Skills:

- **Communication:** Clearly articulated technical specifications and project requirements in group settings and documentation.
 - **Leadership:** Successfully led multiple student study groups and project teams, guiding them toward on-time deliverables.
 - **Problem-Solving:** Consistently applied a logical and methodical approach (**Reasoning/Maths**) to debug code and overcome project challenges.
 - **Teamwork:** Contributed effectively as a dedicated team member, prioritizing group goals and offering support to peers.
-

LANGUAGES KNOWN

- **English:** Professional Working Proficiency
- **Hindi:** Full Professional Proficiency
- **Urdu:** Full Professional Proficiency
- **Kashmiri:** Native/Bilingual Proficiency
